## Beskrivelse

News Immediate delivery.

Factory new Scancon SHL6032 container w/automatic hydraulic full-covering lid

Built with the following internal dimensions: L6200 x W2350 x H2050 mm - 5 mm bottom / 3 mm sides / 2 mm lid - Side-hung rear doors w/release handle on the right side

The net weight is approx. 2600 kg

Hydraulic pump station located on the right side on the front with manual pump handle and pump valve so you can connect a drill.

NB! We also have one in stock with a hydraulic lid that is operated with a 220v pump

Rubber strip is mounted at the rear doors so that the liquid does not leak out if it is used for horse manure.

Dimensions, design and color can be modified as desired
