Beskrivelse

BSV Grab model SHVA - capacity approx. 1000 liters

The grab halves have the following dimensions: Length 650 mm x Width 1500 x Height 700 mm

The grab has not been functionally tested after the new piston has been mounted - reasonably good condition but used must be adjusted to the cutting edge in the bottom joint

If interested, contact us at salg@scanvo.dk / tlf+45 8724 4370 or see other accessories at www.scanvo.dk
