Beskrivelse

NOPA PTC 3-axle hooklift/demountable trailer with rear tipping – for 6000 & 6500 mm containers

6000 mm on the flat section + 200 mm extension to the rear edge of the bumper; 270 mm from the rear end to the center of the container roller (innermost position), totaling 400 mm; container guide horns can be extended by 150 mm.
Recessed slots for container rollers are built into the bed, located approx. 4350 mm from the rear edge of the frame, allowing containers to be pushed on from the rear.

2 sets of 2 external + internal container locks; air outlet for automatic tailgate; toolbox; fixed bumper.

VBG adjustable drawbar (measured from the front edge of the frame to the center of the towing eye): currently 2100 mm – adjustable by +/- 400 mm.
Coupling length currently 8500 mm (to the rear edge of the bumper); coupling height 800 mm; 57 mm towing eye.

BPW axles; air suspension; disc brakes.
Raise/lower valves; axle load gauge for monitoring both axles; hub odometer shows 434,420 km.
265/70R19.5 tires with dual-wheel configuration.

2 LED reversing lights; 2 work lights mounted under the bed (forward of the 2nd axle); plus 2 additional lights. At the rear – LED taillights

In good condition for its age – dark grey chassis frame – can be supplied with a new inspection (MOT) for an additional charge.
